

# Secure Your ID Day

## Community Shredding Event

FREE!

### Protect yourself with document shredding

The first rule in identity protection is, "If you don't need it, destroy it." You are your own best defense against identity theft.

You can bring up to 3 bags or boxes of confidential documents that you don't want in the hands of identity thieves. We'll shred it for you on the spot!

**Consumers Only**  
**Donations Welcome**
