A Message from the President

Your Better Business Bureau is a standards based community benefit organization with the goal to create a local community of trustworthy businesses who support BBB’s mission to be the leader in creating a marketplace where consumers and businesses can trust each other.

What is true today, as it was with BBB’s beginning in 1912, is the understanding that people want to find reliable and unbiased information to help them with their purchase decisions. The record number of inquiries to BBB serving Central California & Inland Empire Counties reflects out relevancy in this marketplace endeavor. Consumers viewed our local BBB website more than 3.6 million times in 2018. Systemwide 102 BBBs collectively provided information on 6.7 million businesses and represent a community of 400,000 BBB Accredited Businesses that meet BBB’s high standards of ethical business behavior.

We are proud to report that the Better Business Bureau serving Central California & Inland Empire Counties served our community with a number of record-breaking, productive services in 2018.

Some of BBB CCIE’s key 2018 accomplishments:
• Received a record 2.2 million inquiries for information about businesses.

• Provided information and promoted transparency by processing close to 11,300 Customer Reviews and posting a record 7,335 on local businesses.
• Developed and launched several new programs to benefit BBB Accredited Businesses, businesses in general and consumers.
• Participated in more than 3,065 consumer and business media stories on TV, print, radio and online, while generating content with a record 716,368 social media reaches to help consumers and businesses protect themselves from scam and unethical practices.
• BBB Colleagues recognized our investigation and subsequent media exposure on Big Baller Brand and honored us at the International Assembly with the Outstanding BBB Award in the “Single Investigation Category.”

We are committed to BBB’s mission of advancing marketplace trust by fostering honest and responsible relationships between businesses and consumers. We thank each of our Accredited Businesses for their support of this vision and look forward to continuing our work together.

Sincerely
Blair Looney

Every application from a prospective Accredited Business is screened to ensure they meet the criteria for accreditation. Not all businesses qualify to be a BBB Accredited Business.
